

Staphage Lysate (SPL)[®]

DELMONT LABORATORIES

APPROVED FOR LONG-TERM CONTROL of **CANINE PYODERMA**

PROVEN EFFICACY AND SAFETY

Approaching 30 years of successful clinical outcomes and a demonstrated 77% efficacy rate in the reduction of recurrent canine pyoderma caused by *Staphylococcus pseudintermedius* - as proven in a double-blind clinical trial and documented in the American Journal of Veterinary Research.¹

BUILDS THE DOGS OWN NATURAL IMMUNE SYSTEM

Allows your patients to boost their own defenses to provide continual protection against recurrent canine pyoderma. Induces phagocytosis and has the powerful ability to stimulate cytokines that enhance the innate immune reactions against skin-associated staphylococcal strains.²

NATURALLY DERIVED PRODUCT

Made of staphylococcal cellular components, bacteriophage and beef heart infusion broth. It is preservative free.

BACKED BY EXPERT SUPPORT

Free consultations with a board certified veterinary dermatologist are available to answer any of your clinical questions and guide you through the treatment process.

Staphage Lysate (SPL)[®]

DELMONT LABORATORIES

PRODUCT INFORMATION AND ORDERING*

Staphage Lysate (SPL) is manufactured and packaged in the United States in easy to use 10ml multi-dose rubber stoppered vials. It is a biologic beginning with bi-weekly subcutaneous injections. It is recommended to be used concurrently with antibiotics for the first four to six weeks. Treatment tapers off to booster shots as needed to provide continued protection.

Staphage Lysate (SPL) is available exclusively to veterinarians. It can be purchased directly through Delmont Laboratories at 1-800-562-5541 or through one of our authorized distributors in the US.

Animal Health International	MWI Veterinary Supply
Henry Schein Animal Health	Patterson Veterinary Supply
Merritt Veterinary Supplies	Penn Veterinary Supply
Midwest Veterinary Supply, Inc.	Victor Medical Company

SPL[®] is also available outside of the US through buying groups in Canada and importers in Brazil (Fazenda Agua Vermelha) and the UK (Avacta Animal Health).

For support or information on how SPL may help your canine patients, please visit delmontlabs.com or call us at **1-800-562-5541**.

*Please see package circular for full product information.
